CCPS PARENT PARTICIPATION

The Board of Directors and Parent Committees

Community Cooperative Preschool is a parent cooperative established in 1962. The school is run by a parent board of directors. The board meets regularly during the school year to help make decisions on how the school is run, and when necessary, to hire a Preschool Director and staff. There are also a number of committees that help maintain and support the preschool's program. **The involvement of at least one parent from a family in a committee or in the board is required for the smooth running of the school unless a buy-out cheque is supplied.** Please refer to the **Board and Committee Information** in this registration package for job descriptions of the various positions that need to be filled.

Parent Assists

Parents are also required to assist the teachers in the classroom approximately once every 6 to 8 weeks depending on scheduling and enrolment. For parents who are not able to parent assist, a buy-out fee of \$35.00 per time in lieu of parent assisting is an option. There are a limited number of spaces per group for this option. **Grandparents, caregivers etc. may also parent assist, as long as a police check has been obtained and the person is 18 years of age or older. Parents are responsible for bringing a healthy snack for the class on their parent assist day.** On your duty day you will provide an extra pair of hands for the staff, preparing snack, helping children remove outdoor clothing, writing names on art work, etc. It is also an opportunity for you to observe your child as he/she grows and develops in the preschool. Parents are responsible for their own care giving arrangements for siblings of children in the program on their Parent Assist days. Because of insurance and safety reasons, only non-mobile infants will be allowed to accompany you on Parent Assist days. Failure to attend an assigned parent assist day will result in a monetary fine and a requirement to makeup the parent assist day. Consistent failure may result in withdrawal from the preschool.

Annual General Meetings

At least one parent is required to attend the Annual General Meeting that occurs in the fall. The fall meeting gives you the chance to meet your child's teachers, your committee members, and vote in the new board. These meetings are especially important for non-board members, as they provide an overview of how the school is being run and gives a chance for all members to express their opinions. Remember that this is **your** school and we need your help in shaping its development.

We hope that your participation in the co-op will be a satisfying experience. Think of it as an opportunity to learn new skills and reawaken old talents. The school is open for you to come in and observe or discuss concerns with staff so that your child's experience will be a positive one.

Email Communication

We establish an email data base in order to distribute board minutes and preschool communications. If you do not have or want your email address to be recorded, please write N/A in the email section of the registration form and committee questionnaire forms. Email is for the express use of the preschool.

Subsidized Spaces

Subsidies are available for children enrolled in any of our programs based on financial need. Applications for subsidized spaces must be made through the Child Care Services department of the City of Ottawa. For more information please contact the city at 613-580-2400.

Withdrawal Policy

Prior to July 15: If for any reason, your child is withdrawn from the preschool, you will receive back all cheques except the registration fee.

After July 15: If for any reason you withdraw your child from the preschool, two months written notice must be given. If this is not possible you are still required to pay the fees for two months from the time written notice is received by the Registrar. This allows the school time to locate and process a new registrant while still maintaining full enrolment. This is necessary since the preschool budget is based on full enrolment. **It is, therefore, to your benefit to notify the Preschool as soon as you suspect you may be withdrawing your child.** Any remaining post-dated cheques will be returned to you.

The school reserves the right to require parents to withdraw their child from the program without notice in the event that a child does not adjust to the program and/or the program is not meeting the child's needs or fees are not received in a timely manner.

No rebate is allowed for withdrawal after Apr 14th nor is there any refund as a result of a child being absent from school due to illness, hospitalization, holiday trips, etc.

BOARD AND COMMITTEE INFORMATION

Participating in a **cooperative preschool** is exciting for parents and their children. The children enjoy meeting new friends, learning new skills and playing with different toys and activity centers. The parents also have opportunities to meet new people, share their knowledge and experience, and acquire new skills. One way to make this a positive early educational experience for the whole family is for you to be involved in the running of the school. You can show your support for your child and the school by being involved in some aspect of the school's operation. Whether you are painting and repairing equipment, filing books, serving on the Board or making play dough, **all jobs are important!**

The Board and Committees are set up to do all the various jobs that are essential for the continued operation of the preschool. The Board and Committee job descriptions are listed on the following pages. Please read each one and indicate your preference on the Committee Form in the registration package. Please note that there are several committees whose work is home based. As this is a **cooperative preschool, parental participation** in the running of the school is **mandatory as described below**.

Only one parent is required to participate, but both parents are encouraged to be involved. Committees consist of appropriate numbers of members for the committee to do their job. The Preschool Director coordinates the committees. Parents who are interested in being involved with a specific event can indicate that on the Committee Questionnaire.

Parents are requested to participate in **one (1)** of the following ways:

1. To serve on the Board of Directors
2. To serve as a Committee Member
3. To pay a buy-out fee of \$150.00 per preschool year, at the time of registration, and not be called upon to participate in any of the above two options.

Consequences of Non-Participation

Parents who select options 1or 2 but who do not then participate in the work of the committee must accept the consequences of the additional burden that this imposes on other parents. After two refusals, the Vice President will issue a written warning. Any further refusal to participate will result in the imposition of the buy-out fee. Refusal to pay the fee after these three requests will result in a request to withdraw your child from the school.

The Preschool Director will send the members an Acceptance of Registration letter. After acceptance, an intake interview will be scheduled with the Preschool Director or Assistant Director for new children coming into the preschool. You will receive notification of the intake interview date towards the end of August. Interviews are usually held during the latter part of August. If at all possible, your child should not accompany you to this interview since it is to discuss your child. At this time you will have the opportunity to discuss any special concerns that you may have regarding your child. Please bring these to your interview:

- All forms that you have received by email and have completed.
- Valid police check or stamped volunteer letter.

First Day

The preschool uses a "staggered entry" approach in September, starting around the 15th of the month. This means that the children are introduced to the school in small groups. **Parents are expected to stay with their child on his or her first day if they are a new student.** Once your child starts at the preschool, they continue to attend. The children that are registered first are the children that start earliest.
